

2019 ITE Utah Chapter Annual Conference

"The one thing that unites all human beings... is that, deep down inside, we all believe that we are above average drivers.

- Dave Barry

Thursday, January 24, 2019

The Tower at Rice-Eccles, University of Utah

451 S 1400 E, 6th Floor Salt
Lake City, Utah 84112
(TRAX Stadium Station)

Welcome to the 2019 ITE Utah
Chapter Annual Conference,
where our theme is:

"Safety Analytics and
Technology: Thinking Outside
the Check Box"

The theme of this conference
focuses on transportation
safety analytics and
technology. We want to
highlight how transportation
professionals and agencies are
bringing safety to the forefront
of planning studies,
engineering, designs, and
construction. The
presentations are meant to
highlight how safety is more
than just "checking the box."

The annual conference is a
great way to continue your
education and network with
transportation professionals.
We know you will enjoy our
presenters and the venue. We
also look forward to
interacting with each of you at
our monthly luncheons and
events throughout 2019!
